Traditional BSN Nursing Students—OKC

What are eBook Packages and how does this process work?

- **EBook packages are the print and electronic edition of most of your required textbooks* for each semester of nursing school.**
**Only Elsevier, Mosby & Saunders titles are included in the eBook packages.*
A few books from other publishers are required, so check your booklist or ask your bookstore.
- **An eBook User Guide (pamphlet) is enclosed in the eBook package with the instructions to register and use your electronic textbooks. A peel off label has the redemption code required to register and access your eBooks is attached to the User Guide. DO NOT THROW THIS AWAY!**
- You can download the eBooks to the hard drive of 1 computer. You can also access them through any computer, with internet access, using your Elsevier Evolve account. **The electronic books have no expiration date.**
- Online support is available, website listed in the user guide, or you may call Technical Support at 1-800-401-9962, prompt #3. They are available 24/7. Elsevier eBooks work on both PC and Mac computers and are Vista compatible.
- **To see an eBook demo, go to <http://evolve.elsevier.com/select>** Click on Guided Tour or Favorite Features to see how eBooks save time and enhance learning
- The next page lists the books in the eBook package.
- The eBook packages can only be purchased at your campus bookstores.
